ABOUT BUCON

From **Planning, Demolition, Construction and Refurbishment**, we supply targeted solutions that fulfill the complex needs of our customers.

We strive to be a trusted, successful and preferred contractor for the largest governing agencies across India in landmark civil infrastructure projects.

We have successfully delivered a wide range of complex & challenging infrastructure projects ranging in value up to ₹100 Crore.

Our experienced management and engineering teams work closely with clients from the preliminary design through to project completion.

Our values have enabled us to add value to any project through our engineering and innovative ideas and with optimum utilization of resources & budgets.

We provide **specialist services** for challenging individual projects.

We provide **efficient coordination** and control of complex, largescale projects.

We implement **professional project management methods**.

We ensure that we are **tracking quality standards**.

We ensure **compliance with schedules and budgets** throughout a project's lifespan.

OUR VISION AND MISSION

THE VISION

BUCON Group has set a vision to be a national infrastructure construction company which aspires to create verticals within the civil infrastructure domain - from manufacturing of construction raw materials to execution of landmark projects.

As a pioneer in the construction and infrastructure sector, we aim to be competent and to be the most preferred and trusted brand in this sector which create landmarks of exemplary quality across the nation.

THE MISSION

To achieve excellence in the field of Civil Engineering, Material Procurement, Raw Material Manufacturing and Construction Practices through a proactive culture which is based on a team spirit who deliver projects against targets. project & finance management, thus achieving industry leading standards in health and safety
We are driven by clear accountability and responsibility which is supported by implementation of best practices in construction.

MANAGEMENT

Mr. SANJAY LADHANI

He is a full time Director in the organization. He has over 4 decades of experience in the administration and execution of Civil Engineering Projects. He has also been the guiding force for the highly motivated team at BUCON on corporate strategy and planning. An able business leader and motivator, Mr. Sanjay is steering the organization towards newer frontiers of growth and success.

Mr. VIJAY LADHANI

With over 3 decades of experience in Administration & Finance. He is the CEO of the BUCON. He is also experienced in construction, particularly in MDPE & carbon steel pipe laying for natural gas. His core strengths are clearing the hurdles in project initiation and looking after statutory and regulatory requirements.

Mr. ALPESH HIRANI

He is the director of projects in the company, who handles the civil works department. His forte lies in, building teams & procuring lucrative contracts for the organization. His experience of over 2 decades has led him to strive for bigger and greater opportunities for BUCON.

BUCON READYMIX CONCRETE

BUCON Readymix has 2 state of the art concrete batching plants that services across the municipality of Mumbai.

With our quality management system comes process control. We have a thorough system of **quality control** in place at all our plants. This helps us to identify, document and correct most problems before they reach the field. These procedures are also extended to the calibration and maintenance of all our batching and testing equipment.

We don't sell
dreams.
